

	A320 RECURRENT TRAINING RT1	TVJ-TD-F-135 REV.01 DATE 01 MAY 2025
---	------------------------------------	--

Trainee's Name:	☐ CAPT	☐ SFO / FO	License No:		Date	
			Staff No:	TVJ	Block Time	
Instructor's Name:	☐ CAPT			INS / IC No:		Aircraft Type ☒ A320
			Staff No:	TVJ	FSTD No.	
TYPE OF TRAINING	☒ LOFT	☒ SPOT / SKILL BASE	Route	RCTP / ROAH	LOFT Duty	☐ PF / ☐ PM

Remark: N/O = Not Observe, N/A = Not Applicable, Mark ✓ for grading and where applicable, (*) = Mandatory Item

Grading Scale: (1) Unsatisfactory, (2) Improvement Required, (3) Company Standard, (4) Effective, (5) Precise

EVENTS	GRADING SCORE						COMMENT
A. DISCUSSION - PERFORMANCE	1	2	3	4	5	N/O	
1. Environment: Adverse Weather / Cold Weather Operations							
2. Emergency Descent / Diversion Strategy							
3. Windshear Prediction / Reaction							
4. Threat and Error Management (TEM) / Pilot Competencies / Building Resilience							
B. PREFLIGHT PREPARATION AND GROUND OPERATIONS	1	2	3	4	5	N/O	
5. Preflight Preparation / Briefing using TEM CARD / NAVAIDS Setting							
6. Engine Start / Abnormal Engine Start / After Start							
7. Taxi Technique / Assistance / ATC Compliance / Before Takeoff Check							
C. TAKEOFF	1	2	3	4	5	N/O	
8. Takeoff Technique / Rotation Rate / Takeoff Attitude							
9. Gusty Wind / Cross Wind Takeoff							
10. Takeoff: Engine Failure / Fire before V1 - RTO							
11. Takeoff: Engine Failure / Fire after V1							
D. INFLIGHT MANEUVERS AND PROCEDURES	1	2	3	4	5	N/O	
12. SID - Standard Instrument Departure / RNAV SID							
13. STAR Standard Terminal Arrival Route / RNAV STAR / Holding Procedures							
14. PBN Operations: Normal and Non-normal Procedure (*)							
15. Procedures For Loss of RNP Capability							
16. Approach Preparation / Briefing using TEM CARD / NAVAIDS Setting							
17. Descent and Approach Management / Aircraft Configuration							
18. Stabilized Approach Criteria and Compliance							
19. 3D Approach to DH/A of 200 Feet or Higher							
20. 2D Approach (☐ RNP-RNAV / ☐ VOR / ☐ LOC) down to the MDH/A							
21. Approach Maneuvering (☐ Visual Circuit / ☐ Circling Approach)							
22. Manual Fly with / without Flight Director							
23. Manual Fly with One Engine Inoperative							
E. AIRCRAFT SYSTEM MALFUNCTION	1	2	3	4	5	N/O	
24. Air Condition / Pressurization / Ventilation							
25. Fire Protection							
26. Navigation							
F. ABNORMAL AND EMERGENCY PROCEDURE	1	2	3	4	5	N/O	
27. Engine Fire Handling and Decision Making							
28. Engine Failures / Shutdown / Restart							
29. Windshear at Takeoff / Landing							
30. Emergency Descent / Diversion Strategy							
31. Pilot Incapacitation							
32. TCAS TA Response (*)							
33. TCAS RA - Initial RAs that require a change in vertical speed (*)							
34. Declaration of Emergency or Urgency							
35. Unreliable Airspeed Indication / ALL ADR OFF procedure							

EVENTS	GRADING SCORE						COMMENT
G. MISSED APPROACH PROCEDURES	1	2	3	4	5	N/O	
36. Go Around / Missed Approach Procedure with all engines							
37. Go Around / Missed Approach Procedure with one engine failure (*)							
38. Rejected Landing below DH / MDH / After Touchdown							
H. LANDINGS AND AFTER LANDING PROCEDURES	1	2	3	4	5	N/O	
39. Normal Landing / Landing Technique / Landing Attitude							
40. Crosswind landings / Gusty Wind							
41. Reduced Flaps Landing (Flap3 or less)							
42. Landing with Simulated Engine Failure (Critical Engine)							
43. Landing Roll / After Landing / Parking / Securing Procedures							
44. Pax Evacuation Procedures (*)							
I. RIGHT HAND SEAT PROFICIENCY (for RHS Captains only))	1	2	3	4	5	N/O	
45. Engine Failure before V1 RTO							
46. Engine Failure at Takeoff after V1							
47. One Engine inoperative ILS Approach Go-Around and Landing							
J. NON-TECHNICAL	1	2	3	4	5	N/O	
48. Crew Resource Management (CRM) / Assertiveness / Support Process							
49. Threat & Error Management / Security & Safety Attitude							
50. Public Address (PA)							
K. ADDITIONAL EXERCISES / OTHERS	1	2	3	4	5	N/O	
51. Green Operations Policy (One Engine Taxi / Reduced Flaps Landing)							
52.							
53.							
54.							
55.							

Number of Manual Landing		Number of Go-around	
---------------------------------	--	----------------------------	--

COMPETENCY ASSESSMENT AND COMMENTS									
General Comments:		Competency	1	2	3	4	5	N/O	Instructor Declaration
		KNO							I am authorized by TVJ and/or CAAT to conduct such training as indicated, have supervised the required session in accordance with the published syllabus and assessed the performance of the flight crew. (✓ where applicable) to be filled and sign by the instructor
